### EASY TO INSTALL INSTRUCTIONS

1. Arbotex® can be installed directly around shrubs, however it is recommended to install Arbotex® with a snow fence in high snowfall regions.
2. Unroll the material to the length desired and cut with scissors.
3. Make three equidistant holes along the width of each end.
4. Wrap Arbotex® around the shrub.
5. Pass a string through each hole and tie the strings.
